

Klement's Named Official Sausage of Milwaukee County Parks *Klement's furthers its LINKS with the Milwaukee Community*

MILWAUKEE (May 14, 2018) – Klement's furthered its commitment to be Milwaukee's Hometown Sausage today by becoming the official sausage of the Milwaukee County Parks.

"Klement's is proud to support the Milwaukee County Parks by becoming the official sausage of the park system," Klement's CEO Tom Danneker said. "Klement's is continuing to strengthen our *links* to Milwaukee and with the latest partnership it shows that we are really cooking!"

To celebrate the new partnership Klement's is giving away two hundred brats to customers at the first two Traveling Beer Gardens.

Under the partnership, Klement's will be the exclusive presenting sponsor of the live music at the Park's Traveling Beer Garden. Klement's will also be the sausage provider at all Traveling Beer Garden locations, the South Shore Terrace Kitchen & Beer Garden, Whitnall Park Beer Garden (in 2019, 2020) China Lights, and at every golf course and aquatic center offering concessions.

"Milwaukee County Parks is grateful for our hometown sausage company supporting our parks," said Guy Smith, Interim Parks Director. "Klement's support helps us continue to provide the world-class parks our community loves."

About Klement's Sausage Company

Klement Sausage Company, established in 1956 by three brothers, John, George, and Ron Klement in Milwaukee, Wisconsin, is Milwaukee's hometown sausage company. Klement's employs over 350 people in its two Milwaukee plants. The company has grown from a small sausage kitchen to one of the largest producers of sausage products in the U.S. - all while staying true to its hometown and traditions. Klement's believes in handcrafted production – meticulously making delicious sausage products the way it used to be done in butcher shops. A small batch focus and "made with care" philosophy supports a compelling attraction for consumers who seek artisan food experiences. The company manufactures fresh sausages, cooked and smoked sausages, summer sausages and snack sticks.

About Milwaukee County Parks

Milwaukee County Parks is an amazing network of trails, parks, historic attractions, golf courses, beaches, beer gardens & nature. The 'emerald necklace' of park land that wraps around the county includes 140 miles of trails, 169 parks and parkways, 15 golf courses and hundreds of playgrounds, athletic fields and picnic sites, as well as the historic Mitchell Parks Domes and Boerner Botanical Gardens.

The Traveling Beer Gardens will visit fourteen Milwaukee County Parks locations this summer, with 12 craft beers on tap from the Sprecher fire truck. Visit www.mkebeergardens.com for the 2018 schedule.
